

Congratulations to
The Sloane Clinic™
 on the opening of the
 Plastic Surgery Centre

A new addition to the existing Sloane Clinic family, The Sloane Clinic Plastic Surgery Centre is the fourth branch of The Sloane Clinic™ Medical Group, and will focus on plastic and reconstructive surgery.

Helmed by Dr Tan Ying Chien, a consultant plastic surgeon, The Sloane Clinic™ Plastic Surgery Centre will allow a synergistic integration of both non-invasive medical aesthetics with cosmetic and reconstructive surgery, thereby providing patients with a comprehensive suite of innovative cosmetic options.

Staying on the innovative front of aesthetics and plastic surgery, The Sloane Clinic™ is constantly growing and upgrading our service offerings. Indeed, the opening of our Plastic Surgery Centre at Novena Medical Centre is a significant milestone in our journey to excellence as we continue to evolve and enliven the aesthetic medical scene.

About The Sloane Clinic Plastic Surgery Centre

Dr Tan Ying Chien is a member of the Royal College of Surgeons of Edinburgh and was later awarded his Master of Medicine in Surgery from NUS.

Dr Tan trained at the world-renowned Chang Gung Memorial Hospital in Taipei, Taiwan. Of both Taiwanese and Japanese descent, Dr Tan's Japanese roots also led him to the tutelage of the illustrious Dr Satoru Nagata at Nagata Microtia and Reconstructive Plastic Surgery Hospital in Japan.

Dr Tan is the Consultant Plastic Surgeon at The Sloane Clinic Plastic Surgery Centre at Novena Medical Centre. He continues to serve as one of the only two surgeons in Singapore providing ear reconstruction surgical care.

He will be conducting a workshop on 5th December, in which he will talk about the latest techniques in Endotine facelifts and Double eyelid surgery for Asian faces. Call The Sloane Clinic™ for details.
